Name of the program: Career Counselling

Date: 18.09.2023

Timings: 09:30am to 4:30pm

Resource Person: Dr.Renuka

Number of Participants: 382

Annamacharya Institute of Technology and Sciences provided a Career Counselling for the students to improve their professional skills with respect to placements.

Topics Covered:

- Quantitative Aptitude
- Logical Reasoning
- Verbal and Communication English
- Review on Technical Skills
- Career and Marketing skills
- Resume Building skills
- Group Discussion and Interview
- Company specific training
- Preparation skills

Career Counseling is a process that will help you to know and understand yourself and the world of work in order to make career, educational, and life decisions. Career development is more than just deciding on a major and what job you want to get when you graduate. Career counselling is a process that helps individuals identify and explore career options, make informed decisions about their future, and develop strategies to achieve their goals.

Career Counseling is a process that will help you to know and understand yourself and the world of work in order to make career, educational, and life decisions. Career development is more than just deciding on a major and what job you want to get when you graduate. Career counselling is a process that helps individuals identify and explore career options, make informed decisions about their future, and develop strategies to achieve their goals.

Career Counseling is a process that will help you to know and understand yourself and the world of work in order to make career, educational, and life decisions. Career development is more than just deciding on a major and what job you want to get when you graduate. Career counselling is a process that helps individuals identify and explore career options, make informed decisions about their future, and develop strategies to achieve their goals.
