SportsEvent-2022:-

Annamacharya Institute of Technology & Sciences, Hyderabad had conducted the Sports Event on. Sport event is often held over multiple days, featuring competition in many different sports among organized teams of athletes from (mostly) nation-states. The first major, modern, multi-sport event of international significance was the Olympic Games, first held in modern times in 1896 in Athens, Greece, and inspired by the Ancient Olympic Games, one of a number of such events held in antiquity. Most modern multi-sport events have the same basic structure. Games are held over the course of several days in and around a "host city", which changes for each competition. Countries send national teams to each competition, consisting of individual athletes and teams that compete in a wide variety of sports. Athletes or teams are Awarded gold, silver or bronze medals for first, second and third place respectively. Each game is generally held every four years, though some are annual competitions.

AITs Group Executive Director Sri C. Abhishek Reddy joined the event as the Chief Guest. College Principal Dr. P.V Krishna Murthy and NSS Programme Coordinator Dr. Kolli Sunder Kumar also participated in the programme.

National Farmer's Day:

National Farmer's Day, or Kisan Diwas, is observed on December 23 in India to recognise farmers as the backbone of the country. The day commemorates the birth anniversary of India's former prime minister Chaudhary Charan Singh

National Farmers' Day, also known as 'Kisan Diwas', is observed every year on December 23 to celebrate the hard work and determination of the farmers. This day was chosen to commemorate the occasion as it marks the birth anniversary of former prime minister Chaudhary Charan Singh who belonged to Uttar Pradesh and worked for the welfare of farmers of the nation.

This special day is all about giving a big shout-out to our farmers, the real heroes behind our country's growth. National Farmers' Day is also known as Rashtriya Kisan Diwas and is popular across India's agricultural and farming states, including Uttar Pradesh, Haryana, Punjab, and Madhya Pradesh, among others. Farmers' Day is also observed in other parts of the world. It is celebrated on the first Friday of December in Ghana, USA celebrates it on 12 October, in Zambia it is observed on the first Monday of August and Pakistan started celebrating the day on 18 December 2019. Know the history, significance, and theme of National Farmer's Day.

National Mathematics Day:

National Mathematics Day 2023: It is celebrated on 22 December annually to mark the birth anniversary of legendary Indian mathematician, Srinivasa Ramanujan and his contributions to the field of mathematics. Check here for more details about National Mathematics Day, its history, significance, etc.

It is observed on 22 December every year to mark the birth anniversary of legendary Indian Mathematician, Srinivasa Ramanujan. The day recognizes and celebrates his works. On this day, the genius mathematician Srinivasa Ramanujan was born in 1887 to a Tamil Brahmin Iyengar family in Erode, Tamil Nadu.

Since ancient times various scholars have made significant contributions to mathematics including Aryabhata, Brahmagupta, Mahavira, Bhaskara II, Srinivasa Ramanujan, etc. At a very young age, Srinivasa Ramanujan showed signs of an unfolding genius, and his contributions regarding fractions, infinite series, number theory, mathematical analysis, etc. set an example in mathematics.

This article will help us learn and understand the history and significance of National Mathematics Day

Sarvepalli Radhakrishnan :

As an academic, philosopher, and statesman, Sarvepalli Radhakrishnan (1888-1975) was one of the most recognized and influential Indian thinkers in academic circles in the 20th century. Throughout his life and extensive writing career, Radhakrishnan sought to define, defend, and promulgate his religion, a religion he variously identified as Hinduism, Vedanta, and the religion of the Spirit. He sought to demonstrate that his Hinduism was both philosophically coherent and ethically viable. Radhakrishnan's concern for experience and his extensive knowledge of the Western philosophical and literary traditions has earned him the reputation of being a bridge-builder between India and the West. He often appears to feel at home in the Indian as well as the Western philosophical contexts, and draws from both Western and Indian sources throughout his writing. Because of this, Radhakrishnan has been held up in academic circles as a representative of Hinduism to the West. His lengthy writing career and his many published works have been influential in shaping the West's understanding of Hinduism, India, and the East.

Sir Mokshagundam Visvesvaraya :

In India, we celebrate Engineer's Day on September 15, as a tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya.

Also known as Sir MV, was born in 1861 in Muddenahalli village in Karnataka, which has been coined as Engineer's Day in India. He was known as the father of Modern Mysore for his outstanding contribution to society.

In 1955, the government of India honoured him with the highest civilian honour — Bharat Ratna for his numerous industrial, economic and social projects.

OZONE DAY:

International Day for the Preservation of the Ozone Layer (informally and simply called **Ozone Day**) is celebrated on September 16 designed by the United Nations General Assembly.^[1] This designation had been made on December 19, 2000, in commemoration of the date, in 1987, on which nations signed the Montreal Protocol on Substances that Deplete the Ozone Layer.^[2] In 1994, the UN General Assembly proclaimed 16 September the International Day for the Preservation of the Ozone Layer, commemorating the date of the signing, in 1987, of the Montreal Protocol on Substances that Deplete the Ozone Layer.^[3] The closure of the hole in the ozone layer was observed 30 years after the protocol was signed.^[4] Due to the nature of the gases responsible for ozone depletion their chemical effects are expected to continue for between 50 and 100 years.

World Lung Cancer Day:

According to the World Health Organization, lung cancer is the leading cause of cancer-related deaths worldwide for both men and women. In 2020, there were 2.21 million new lung cancer cases globally and 1.80 million deaths.

While smoking is the single greatest risk factor for lung cancer, accounting for 85 percent of all cases, other lesser-known risk factors include environmental exposures and genetics. Environmental exposure to radon, asbestos, arsenic, beryllium, and uranium has been linked to lung cancer. The risk of lung cancer also increases with a history of cancer in another part of the body, age, family history, radiation to the chest area, and lung diseases like chronic obstructive pulmonary disease (COPD).

World Lung Cancer Day offers an opportunity to raise awareness for the staggering global impact of this cancer. With one in four cancer deaths attributed to lung cancer, it is of critical importance to promote early detection through symptom awareness and lung cancer screening. Through early detection, treatment can begin, the cancer is less likely to spread, and we can begin to reduce the number of lung cancer deaths worldwide.

If you currently smoke or have a history of smoking and are 50 years or older, you may be a candidate for a screening low-dose CT scan that can potentially detect lung cancer in its earliest stages.

Lung cancer symptoms include a persistent and worsening cough, coughing up blood, chest or back pain, and difficulty swallowing. Tests that may be used to diagnose lung cancer include chest X-rays, Chest CT and PET scans, bronchoscopy, and needle biopsies.

National Unity Day:

National Unity Day is celebrated in India on 31 October. It was introduced by the Government of India in 2014. The day is celebrated to mark the birth anniversary of Sardar Vallabhbhai Patel who had a major role in the political integration of India.

The official statement for National Unity Day by the Home Ministry of India cites that the National Unity Day "will provide an opportunity to re-affirm the inherent strength and resilience of our nation to withstand the actual and potential threats to the unity, integrity, and security of our country."

On the day, a pledge is read out in government offices:

I solemnly pledge that I dedicate myself to preserving the unity, integrity, and security of the nation and also strive hard to spread this message among my fellow countrymen. I take this pledge in the spirit of the unification of my country which was made possible by the vision and actions of Sardar Vallabhai Patel. I also solemnly resolve to make my own contribution to ensure the internal security of my country.

31 October is also celebrated as Rashtriya Sankalp Diwas or National Pledge Day as it marks the day of assassination of Indira Gandhi.^[4] Several schools and colleges, especially in Congress-run states, organize rallies and programmes in remembrance of Indira Gandhi.

World Mental Health day:

World Mental Health Day (10 October) is an international day for global mental

health education, awareness and advocacy against social stigma. It was first celebrated in 1992 at the initiative of the World Federation for Mental Health, a global mental health organization with members and contacts in more than 150 countries. This day, each October, thousands of supporters come to celebrate this annual awareness program to bring attention to mental illness and its major effects on people's lives worldwide. In addition, this day provides an opportunity for mental health professionals to discuss and shed light on their work, making mental health a priority worldwide.^[5] In some countries this day is part of an awareness week, such as Mental Health Week in Australia.

World Mental Health Day was celebrated for the first time on October 10, 1992, at the initiative of Deputy Secretary General Richard Hunter. Up until 1994, the day had no specific theme other than general promoting mental health advocacy and educating the public.

In 1994 World Mental Health Day was celebrated with a theme for the first time at the suggestion of then Secretary General Eugene Brody. The theme was "Improving the Quality of Mental Health Services throughout the World"

World Mental Health Day is supported by WHO through raising awareness on mental health issues using its strong relationships with the Ministries of health and civil society organizations across the globe. WHO also supports with developing technical and communication material.

On World Mental Health Day 2018, Prime Minister Theresa May appointed Jackie Doyle-Price as the UK's first suicide prevention minister. This occurred while as the government hosted the first ever global mental health summit.

Traditional & Annual Day Celebrations:

AIT has celebrated TRADITIONAL & ANNUAL DAYS on 18-02-2021 to 20-02-2021. Traditional Day is celebrated on- 18-02-2021. This Day has started with a Prayer Song around 10.00 AM in the Morning. Traditional Day is celebrated to recall and inculcate the Indian Traditions in both Students and Staff of our Institution. For this Traditional Day, students and Faculty members came in Traditional Dresses and they have made ramp walk on the stage to show-case their tradition and the equality. In the Afternoon, some dance, skits and singing events are conducted. Principal Sir, HODs, Some of the Faculty Members and Students has spoken about the Traditions and Indian Culture. Finally some prizes are distributed in the end of the Day.

On the next day Annual Day is celebrated. The Day has started with Fancy Dress Competition around 10.00 AM in the Morning. After that various Dance, Singing & Skit performances are completed. Prizes are distributed to students who won in sports such as Cricket, Volley Ball, etc. Also Prizes are distributed to the students who stand in first and Second Positions in their Academics. Finally the day has ended with a Prize distribution ceremony for Singing, Dancing and Skit Competitions.

All these activities recharge young minds after all continuous Academic Activities. These activities help some of the students to show case their talents and also activities encourages the students to come with their internal hidden talents.

Pongal Celebrations:

AITs has celebrated Pongal on 11.01.2022 at the college Premises. Makar Sankranti also referred to as Uttarayana, Makar, or simply Sankranti, is a Hindu observance and a festival. Usually falling on the date of January 15 annually, this occasion marks the transition of the Sun from the zodiac of Sagittarius (dhanu) to Capricorn (makara). Since the Sun is has made this transition which vaguely coincides with its to moving from south to north, the festival is dedicated to the solar deity, Surya, and is observed to mark a new beginning. Many native multi-day festivals are organised on this occasion all over India.

On 11.01.2022, around 10.30AM all are assembled at the seminar hall for celebrating pongal. During this event, Principal, Hods, Staff and Students are participated. At the event Principal Sir has addressed the gathering after the prayer song sung by the students. Sir has explained about the Sankranthi Festival and why it is celebrated through-out the India. HODS, Faculty and some students are also spoken about this Pongal. Finally a Rangoli competiton is held for faculty and students as well. This event is useful for the students to know about the Indian Festive Culture.

Christmas Celebrations:

AITS has celebrated Christmas on ~~-----~~^{24.12.2021} at the seminar hall. Christmas is an annual festival commemorating the birth of Jesus Christ, observed primarily on December 25 as a religious and cultural celebration among billions of people around the world. Christmas Day is a public holiday in many countries, is celebrated religiously by a majority of Christians, as well as culturally by many non-Christians, and forms an integral part of the holiday season organized around it. The traditional Christmas narrative recounted in the New Testament, known as the Nativity of Jesus, says that Jesus was born in Bethlehem, in accordance with messianic prophecies. When Joseph and Mary arrived in the city, the inn had no room and so they were offered a stable where the Christ Child was soon born, with angels proclaiming this news to shepherds who then spread the word.

At our campus, on ~~-24.12.2021--~~ all the members are gathered at the seminar hall and Principal, HODs, some of the Senior Faculty Members and even some students are spoken about the Christmas and why it is celebrated throughout the world. One of the HODs are addressed about the Jesus birth life and his sacrifices to the mankind. After having the discussions Principal and HODs have cut the cake and distributed all the students.

Republic Day:

Republic Day is a national holiday in India commemorating the adoption of the Constitution of India, and the country's transition to a republic which came into effect on 26 January 1950.

The constitution replaced the Government of India Act 1935 as the governing document of India, thus turning the nation from a dominion into a republic post its independence from the British Raj in 1947. The constitution was adopted by the Constituent Assembly of India on 26 November 1949 and came into effect on 26 January 1950. The date was chosen as the Indian National Congress proclaimed Purna Swaraj (complete independence) on this day in 1930.

Republic Day is commonly associated with parades, political speeches, cultural events and ceremonies, in addition to various other public and private events celebrating the history, government, and traditions of India.

India achieved independence from the British Raj on 15 August 1947 following the success of the Indian independence movement which was led by Congress under the leadership of Mahatma Gandhi. This was enacted through the Indian Independence Act 1947, an act of the Parliament of the United Kingdom that partitioned British India into the two new independent dominions of the British Commonwealth.^[1] India became a constitutional monarchy with George VI as head of state and the Earl Mountbatten as governor-general. Without a standalone constitution, its laws were based on the existent Government of India Act 1935 and governed by the Constituent Assembly of India.

On 29 August 1947, a seven member drafting committee was appointed to draft a permanent constitution, with B R Ambedkar as chairman.^[3] A draft constitution prepared by the committee was submitted to the Constituent Assembly on 4 November 1948.^[4] After the draft was discussed and debated, the constituent assembly adopted the constitution on 26 November 1949. The major part of the constitution came into effect on 26 January 1950 with Rajendra Prasad becoming the first President of India and the constituent assembly became the Parliament of India under the transitional provisions of the new constitution.^{[6][7]} The date was chosen as the Indian National Congress proclaimed Purna Swaraj (complete independence) on this day in 1930.

International Women's Day :

AITSH had celebrated International Women's Day on **08.03.2021**. An International Women's Day was globally celebrated on 08th March in every year as a focal point in the Women rights movement. The IWD focuses on issues such as Gender equality, reproductive rights, Violence and abuse against women.

The earliest reported Women's Day event called " National Women's Day " which was held on 28th Feb 1909 in New York city. It was organized by the "Socialist Party of America ". The holiday was associated with far – left movements and governments until its adoption by the global feminist movement in the late 1960's. IWD became a mainstream global holiday following its adoption by the United Nations. International Women's Day is a public holiday in several countries promoting the achievements of women.

This event will start around 10:30 am in Seminar Hall. The Principal, HOD's, Women Teaching Staff and some Women Students are addressed for gathering regarding IWD. During this event our chief guest will explain how this Women's day was started and how it became an International Women's Day.

All these addresses enlighten and increased the self confidence levels in both Women Staff and Women Students.

Republic Day:

Republic Day is a national holiday in India commemorating the adoption of the Constitution of India, and the country's transition to a republic which came into effect on 26 January 1950.

The constitution replaced the Government of India Act 1935 as the governing document of India, thus turning the nation from a dominion into a republic post its independence from the British Raj in 1947. The constitution was adopted by the Constituent Assembly of India on 26 November 1949 and came into effect on 26 January 1950. The date was chosen as the Indian National Congress proclaimed Purna Swaraj (complete independence) on this day in 1930.

Republic Day is commonly associated with parades, political speeches, cultural events and ceremonies, in addition to various other public and private events celebrating the history, government, and traditions of India.

On 29 August 1947, a seven member drafting committee was appointed to draft a permanent constitution, with B R Ambedkar as chairman. A draft constitution prepared by the committee was submitted to the Constituent Assembly on 4 November 1948. After the draft was discussed and debated, the constituent assembly adopted the constitution on 26 November 1949. The major part of the constitution came into effect on 26 January 1950 with Rajendra Prasad becoming the first President of India and the constituent assembly became the Parliament of India under the transitional provisions of the new constitution. The date was chosen as the Indian National Congress proclaimed Purna Swaraj (complete independence) on this day in 1930.

LalaLajpatRaiJavanthi:

Lala LajpatRai(28 January 1865 - 17 November 1928) was an Indian revolutionary, politician, and author, generally known as Lala LajpatRai. (The term 'Lala' is a honorific.) He was popularly known as **Punjab Kesari**. He was one of the three members of the LalBal Pal trio.^[1]He diedof severe head trauma injuries sustained 18 days earlier during a baton charge by police in Lahore,when he led a peaceful protest march against the British Simon Commission Indian constitutional reforms.

Lajpat Rai was born on 28 January 1865 into an Agrawal Jain family as the eldest son of six children of Munshi Radha Krishna, an Urdu and Persian government school teacher and Gulab Devi Aggarwal at Dhudikein the Faridkot district of the Punjab Province of British India (now in Mogadistrict, Punjab, India)He spent much of his youth in Jagraon. His house still stands in Jagraon andhousesalibraryandmuseum.^[6]Hear sobuiltthefirsteducationalinstituteR.K.HighschoolinJagraon.

Lajpat Rai had his initial education in Government Higher Secondary School ,Rewari, Punjab province where his father was posted as an Urdu teacher. In 1880, he joined Government College at Lahore to study law, where he came in contact with patriots and future freedom fighters, such as Lala Hans Raj and Pandit Guru Dutt. While studying at Lahore he wasinfluenced by the Hindu reformist movement of Swami Dayan and Saraswati, became a member of the existing Arya Samaj Lahore(founded1877) and founder-editor of Lahore-based Arya Gazette.

After joining the Indian National Congress and taking part in political agitation in Punjab,LalaLajpat Rai Wadwal was deported to Mandalay, but there was insufficient evidence to hold himfor sub version.

Lajpat Rai travelled to the United States in1916,and then returned during World War I. detailsthesetravels andfeaturesextensivequotations FromleadingAfricanAmericanintellectuals, including W.E.B. Du Bois and Booker T. Washington. While in the United States he had founded the Indian Home Rule League in New York City and a monthly journal, the Young India and HindustanInformationServicesAssociation.RaipetitionedtheUnitedStatesHouseCommitteeonForeignAffairs, paintings vivid picture of administration by the British Rajin India,the aspirations of India.

Public for independence among many other points which strongly sought the support of the international community for the attainment of Indian independence. The 32-page petition, which was prepared overnight, was discussed in the U.S. Senate in October 1917. The book also argues forth notion of "color-caste," suggesting sociological similarities between race in the US and caste in India. During World War I, Lajpat Rai lived in the United States, but he returned to India in 1919 and in the following year led the special session of the Indian National Congress that launched the non-co-operation movement. He was imprisoned from 1921 to 1923 and elected to the legislative assembly on his release.

International Women's Day :

AITSH had celebrated International Women's Day on **07.03.2019**. An International Women's Day was globally celebrated on 08th March in every year as a focal point in the Women rights movement. The IWD focuses on issues such as Gender equality, reproductive rights, Violence and abuse against women.

The earliest reported Women's Day event called " National Women's Day " which was held on 28th Feb 1909 in New York city. It was organized by the "Socialist Party of America ". The holiday was associated with far – left movements and governments until its adoption by the global feminist movement in the late 1960's. IWD became a mainstream global holiday following its adoption by the United Nations. International Women's Day is a public holiday in several countries promoting the achievements of women.

This event will start around 10:30 am in Seminar Hall. The Principal, Hod's, Women Teaching Staff and some Women Students are addressed for gathering regarding IWD. During this event our chief guest will explain how this Women's day was started and how it became an International Women's Day.

All these addresses enlighten and increased the self confidence levels in both Women Staff and Women Students.

GaneshChaturthi:-

Ganesh Chaturthi, also known as VinayakChaturthi or Ganeshotsav, is a Hindu festival that tributes Hindu deity Ganesha. The festival is marked with the installation of Ganesha's clay murtis (devotional representations of a deity) privately in homes and publicly on elaborate pandals (temporary stages). Observances include chanting of Hindu texts, such as prayers and vrata (fasting) Offerings And prasada from the daily prayers, that are distributed from the pandal to the community, include sweets such as modakas it is believed to be a favourite of Lord Ganesha. The festival ends on the tenth day after start, when the Murti is carried in a public procession with musician group chanting, then immersed in a nearby body of water such as a river or sea, called visarjan on the day of Ananta Chaturdashi. In Mumbai alone, around 150,000 Murtis are immersed annually. Thereafter the clay Murti dissolves and Ganesha is believed to return to his celestial abode.

The festival celebrates Ganesha as the God of New Beginnings and the Remover of Obstacles as well as the god of wisdom and intelligence and is observed throughout the Indian subcontinent by Hindus, especially in the states such as Maharashtra, Madhya Pradesh, Karnataka, Kerala, Odisha, Telangana, Andhra Pradesh, Tamil Nadu and Goa, as well as Nepal. Ganesh Chaturthi is also observed by the Hindu diaspora elsewhere such as in Australia, New Zealand, Canada, Singapore, Malaysia, Trinidad and Tobago, Guyana, Suriname, other parts of the Caribbean, Fiji, Mauritius, South Africa, the United States, and Europe. In the Gregorian calendar, Ganesh Chaturthi falls between 22 August and 20 September every year.

Although the origin of Ganesh Chaturthi remains unknown, it became increasingly popular after a public celebration was initiated by the prominent Anti-Colonial Freedom Fighter, Lokamanya Bal Gangadhar Tilak, in Maharashtra in the year 1893. It was a means to form a "Hindu nationalist identity" and rebel against British rule. Reading of texts, feasting, athletic and martial arts competitions are held at public venues

National Farmer's Day:

Farmers' Day is an annual observance in various countries to celebrate the national contributions of farmers and agriculture. It is observed on different dates around the world. In Afghanistan, it is observed on March 22 every year as part of the Afghan New Year (Nowruz).

The National Farmers Day in Ghana is an annual celebration of farmers and fishermen, observed on the first Friday. On Farmers Day, the Ministry of Food and Agriculture (Ghana) honors with special awards to deserving farmers and fishermen based on their practices and output.

India

The National Farmers Day in India is also known as **Kissan Divas** in Hindi. Farmer's Day is celebrated every year on 23 December on the birthday of the 5th Prime Minister of India, Choudhary Charan Singh, also a farmer's leader, who introduced many policies to improve the lives of the Indian farmers. It is celebrated by organizing various programs, debates, seminars, quiz competitions, discussions, workshops, exhibitions, essays writing competitions and functions.

Pakistan

The National Farmers' Day in Pakistan, also known as **Kissan Day**, was celebrated for the first time in the country's history on 18 December 2019 in Islamabad as was also acknowledged by the Prime Minister Imran Khan. The idea was proposed by Pakistan's leading Fertilizer manufacturing company Fatima a Group in favor of promoting Farmer welfare and prosperity while celebrating Pakistan's first farmers' day on 18 December 2019 during a special event in Islamabad which was acknowledged and endorsed by the Country's premier.

National Mathematics Day:

The 2012 Indian stamp featured Srinivasa Ramanujan. The Indian government declared 22 December to be celebrated as **National Mathematics Day** every year to mark the birth anniversary of the Indian mathematician Srinivasa Ramanujan. It was introduced by Prime Minister Manmohan Singh on 26 December 2011 at Madras University, to mark the 125th birth anniversary of the Indian mathematician Srinivasa Ramanujan. On this occasion Prime-minister Manmohan Singh also announced that 2012 would be celebrated as the National Mathematics Year.

Since then, India's National Mathematics Day is celebrated on 22 December every year with numerous educational events held at schools and universities throughout the country. In 2017, the day's significance was enhanced by the opening of the Ramanujan Math Park in Kuppam, in Chittoor, Andhra Pradesh. National Mathematics Day is celebrated in all schools and universities throughout the country.

Sarvepalli Ramakrishna :

Sarvepalli Ramakrishna OM, FBA 5 September 1888 – 17 April 1975; native Radhakrishnayya was an Indian politician, philosopher and statesman who served as the second president of India from 1962 to 1967. He previously served as the first vice president of India from 1952 to 1962. He was the second ambassador of India to the Soviet Union from 1949 to 1952. He was also the fourth vice-chancellor of Banaras Hindu University from 1939 to 1948 and the second vice-chancellor of Andhra University from 1931 to 1936. Ramakrishna is considered one of the most influential and distinguished 20th century scholars of comparative religion and philosophy, he held the King George V Chair of Mental and Moral Science at the University of Calcutta from 1921 to 1932 and Spalding Chair of Eastern Religion and Ethics at University of Oxford from 1936 to 1952.

Radhakrishnan's philosophy was grounded in Advaita Vedanta, reinterpreting this tradition for a contemporary understanding. He defended Hinduism against what he called "uninformed Western criticism", contributing to the formation of contemporary Hindu identity. He has been influential in shaping the understanding of Hinduism, in both India and the west, and earned a reputation as a bridge-builder between India and the West.

Ramakrishna was awarded several high awards during his life, including a knighthood in 1931, the Bharat Ratna, the highest civilian award in India, in 1954, and honorary membership of the British Royal Order of Merit in 1963. He was also one of the founders of Help-age India, a non profit organization for elderly underprivileged in India. Ramakrishna believed that "teachers should be the best minds in the country". Since 1962, his birthday has been celebrated in India as Teachers' Day on 5 September every year.

Ramakrishna was born as Sarvepalli Radhakrishnayya into a Telugu-speaking family of Sarvepalli Veeraswami and Sithamma. He was the second born of three siblings. in Tiruttani of North Arcot district in the erstwhile Madras Presidency (now in Tiruvallur district of Tamil Nadu). As per his son's biography, he was born out of wedlock. His family hails from Sarvepalli village in Nellore district of Andhra Pradesh. His early years were spent

in Thiruttani and Tirupati. His father was a subordinate revenue official in the service of a local Zamindar (local landlord). His primary education was at K. V. High School at Thiruttani. In 1896 he moved to the Hermansburg Evangelical Lutheran Mission School in Tirupati and Government High Secondary School, Walajapet.

Indian President Sarvepalli Ramakrishna with US President John F. Kennedy in the Oval Office, 1963

Ramakrishna was awarded scholarships throughout his academic life. He joined Voorhees College in Vellore for his high school education. After his F.A. (First of Arts) class, he joined the Madras Christian College (affiliated to the University of Madras) at the age of 16. He graduated from there in 1907, and also finished his Masters from the same college.

Ramakrishna studied philosophy by chance rather than choice. Being a financially constrained student, when a cousin who graduated from the same college passed on his philosophy textbooks to Ramakrishna, it automatically decided his academics course.

Sarvepalli wrote his bachelor's degree thesis on "The Ethics of the Vedanta and its Metaphysical Presuppositions". It "was intended to be a reply to the charge that the Vedanta system had no room for ethics." Two of his professors, Rev. William Meston and Dr. Alfred George Hogg, commended Radhakrishnan's dissertation. Radhakrishnan's thesis was published when he was only twenty. According to Ramakrishna himself, the criticism of Hogg and other Christian teachers of Indian culture "disturbed my faith and shook the traditional props on which I leaned." Ramakrishna himself describes how, as a student,

The challenge of Christian critics impelled me to make a study of Hinduism and find out what is living and what is dead in it. My pride as a Hindu, roused by the enterprise and eloquence of Swami Vivekananda, was deeply hurt by the treatment accorded to Hinduism in missionary institutions.

This led him to his critical study of Indian philosophy and religion and a lifelong defence of Hinduism against "uninformed Western criticism". At the same time, Ramakrishna commended Professor Hogg as 'My

distinguished teacher, and as "one of the greatest Christian thinkers we had in India.' Besides, Professor William Skinner, who was acting Principal of the College, gave a testimonial saying "he is one of the best men we have had in the recent years", which enabled him to get the first job in Presidency College. In reciprocation, Ramakrishna dedicated one of his early books to William Skinner.

The Spirit of Abheda

Ramakrishna expresses his anguish, against the British critics, in The Ethics of the Vedanta. Here he wrote, "it has become philosophic fashion of the present day to consider the Vedanta system a non-ethical one." He quotes a German-born philologist and Orientalist, who lived and studied in Britain for most of his life, Max Muller as stating, "The Vedanta philosophy has not neglected the important sphere of ethics; but on the contrary, we find ethics in the beginning, ethics in the middle, and ethics in the end, to say nothing of the fact that minds, so engrossed with divine things as Vedanta philosophers, are not likely to fall victims to the ordinary temptations of the world, the flesh, and other powers."

Ramakrishna then explains how this philosophy requires us (people) to look upon all creations as one. As non-different. This is where he introduces "The Spirit of Abheda". He quotes, "In morals, the individual is enjoined to cultivate a Spirit of Abheda, or non-difference." Thus he mentions how this "naturally leads to the ethics of love and brotherhood".

"Every other individual is to be regarded as your co-equal, and treated as an end, not a means."

Sir Mokshagundam Visvesvaraya :

Sir Mokshagundamvishweshwaraiah KCIE, FASc (15 September 1861 – 12/14 April 1962), also referred to by his initials, **MV**, was an Indian civil engineer, administrator, and statesman, who served as the 19th Dewan of Mysore from 1912 to 1918.

vishweshwaraiah is regarded in India as one of the foremost civil engineers whose birthday, 15 September, is celebrated every year as Engineer's Day in India, Sri Lanka, and Tanzania. He is also often regarded as "the maker of modern Mysore". According to Prajavani, a Kannada language newspaper, he is also the most popular figure in the southern Indian state of Karnataka.

vishweshwaraiah worked as a civil engineer for the government of British India and later as Prime Minister of the Kingdom of Mysore. For his services to British India, he was appointed CIE and later knighted KCIE. For his services to the Kingdom of Mysore and the Republic of India, he was awarded the BharataRatna by Government of India in 1955.

vishweshwaraiah was born on 15 September 1861 at Muddenahalli, Kingdom of Mysore (in present-day Chikkaballapura district, Karnataka) to MokshagundamSrinivasaShastry and Venkatalakshmi. His ancestors hail from Mokshagundam, a village in present-day Andhra Pradesh, and had migrated to the kingdom years prior to vishweshwaraiah's birth.

vishweshwaraiah received his primary education in Bangalore and earned a Bachelor of Science (BSc) degree from the University of Madras. He later studied at the College of Engineering, Pune (then College of Science at the University of Bombay) and graduated as an engineer, receiving Diploma in Civil Engineering.

OZONE DAY:

International Day for the Preservation of the Ozone Layer (informally and simply called **Ozone Day**) is celebrated on September 16 designed by the United Nations General Assembly. This designation had been made on December 19, 2000, in commemoration of the date, in 1987, on which nations signed the Montreal Protocol on Substances that Deplete the Ozone Layer. In 1994, the UN General Assembly proclaimed 16 September the International Day for the Preservation of the Ozone Layer, commemorating the date of the signing, in 1987, of the Montreal Protocol on Substances that Deplete the Ozone Layer. The closure of the hole in the ozone layer was observed 30 years after the protocol was signed. Due to the nature of the gases responsible for ozone depletion their chemical effects are expected to continue for between 50 and 100 years.

World Lung Cancer Day:

According to the World Health Organization, lung cancer is the leading cause of cancer-related deaths worldwide for both men and women. In 2020, there were 2.21 million new lung cancer cases globally and 1.80 million deaths.

While smoking is the single greatest risk factor for lung cancer, accounting for 85 percent of all cases, other lesser-known risk factors include environmental exposures and genetics. Environmental exposure to radon, asbestos, arsenic, beryllium, and uranium has been linked to lung cancer. The risk of lung cancer also increases with a history of cancer in another part of the body, age, family history, radiation to the chest area, and lung diseases like chronic obstructive pulmonary disease (COPD).

World Lung Cancer Day offers an opportunity to raise awareness for the staggering global impact of this cancer. With one in four cancer deaths attributed to lung cancer, it is of critical importance to promote early detection through symptom awareness and lung cancer screening. Through early detection, treatment can begin, the cancer is less likely to spread, and we can begin to reduce the number of lung cancer deaths worldwide.

If you currently smoke or have a history of smoking and are 50 years or older, you may be a candidate for a screening low-dose CT scan that can potentially detect lung cancer in its earliest stages.

Lung cancer symptoms include a persistent and worsening cough, coughing up blood, chest or back pain, and difficulty swallowing. Tests that may be used to diagnose lung cancer include chest X-rays, Chest CT and PET scans, bronchoscopy, and needle biopsies.

National Unity Day:

National Unity Day is celebrated in India on 31 October. It was introduced by the Government of India in 2014. The day is celebrated to mark the birth anniversary of Sardar Vallabhbhai Patel who had a major role in the political integration of India.

The official statement for National Unity Day by the Home Ministry of India cites that the National Unity Day "will provide an opportunity to re-affirm the inherent strength and resilience of our nation to withstand the actual and potential threats to the unity, integrity, and security of our country.

I solemnly pledge that I dedicate myself to preserving the unity, integrity, and security of the nation and also strive hard to spread this message among my fellow countrymen. I take this pledge in the spirit of the unification of my country which was made possible by the vision and actions of Sardar Vallabhbhai Patel. I also solemnly resolve to make my own contribution to ensure the internal security of my country.

31 October is also celebrated as Rashtriya Sankalp Diwas or National Pledge Day as it marks the day of assassination of Indira Gandhi. Several schools and colleges, especially in Congress-run states, organize rallies and programme in remembrance of Indira Gandhi.

World Mental Health day:

World Mental Health Day (10 October) is an international day for global mental health education, awareness and advocacy against social stigma. It was first celebrated in 1992 at the initiative of the World Federation for Mental Health, a global mental health organization with members and contacts in more than 150 countries. This day, each October, thousands of supporters come to celebrate this annual awareness program to bring attention to mental illness and its major effects on people's lives worldwide. In addition, this day provides an opportunity for mental health professionals to discuss and shed light on their work, making mental health a priority worldwide. In some countries this day is part of an awareness week, such as Mental Health Week in Australia.

World Mental Health Day was celebrated for the first time on October 10, 1992, at the initiative of Deputy Secretary General Richard Hunter. Up until 1994, the day had no specific theme other than general promoting mental health advocacy and educating the public.

In 1994 World Mental Health Day was celebrated with a theme for the first time at the suggestion of then Secretary General Eugene Brady. The theme was "Improving the Quality of Mental Health Services throughout the World".

World Mental Health Day is supported by WHO through raising awareness on mental health issues using its strong relationships with the Ministries of health and civil society organizations across the globe. WHO also supports with developing technical and communication material.

On World Mental Health Day 2018, Prime Minister Theresa May appointed Jackie Doyle-Price as the UK's first suicide prevention minister. This occurred while as the government hosted the first ever global mental health summit.

Indian Air Force Day:

The **Indian Air Force (IAF)** is the air arm of the Indian Armed Forces. Its primary mission is to secure Indian airspace and to conduct aerial warfare during armed conflicts. It was officially established on 8 October 1932 as an auxiliary air force of the British Empire which honored India's aviation service during World War II with the prefix Royal. After India gained independence from United Kingdom in 1947, the name Royal Indian Air Force was kept and served in the name of the Dominion of India. With the transition to a republic in 1950, the prefix Royal was removed.

Since 1950, the IAF has been involved in four wars with neighbouring Pakistan. Other major operations undertaken by the IAF include Operation Vijay, Operation Meghdoot, Operation Cactus and Operation Poomalai. The IAF's mission expands beyond engagement with hostile forces, with the IAF participating in United Nations peacekeeping missions.

The President of India holds the rank of Supreme Commander of the IAF. As of 1 July 2017, 170,576 personnel are in service with the Indian Air Force. The Chief of the Air Staff, an air chief marshal, is a four-star officer and is responsible for the bulk of operational command of the Air Force. There is never more than one serving ACM at any given time in the IAF. The rank of Marshal of the Air Force has been conferred by the President of India on one occasion in history, to Arjan Singh. On 26 January 2002, Singh became the first and so far, only five-star rank officer of the IAF.

The IAF's mission is defined by the Armed Forces Act of 1947, the Constitution of India, and the Air Force Act of 1950. It decrees that in the aerial battlespace:

Defence of India and every part thereof including preparation for defence and all such acts as may be conducive in times of war to its prosecution and after its termination to effective demobilization.

Evolution of the IAF roundel over the years:

1. 1933–1942
2. 1942–1945
3. 1947–1950
4. 1950 – present

- The Primary objective of IAF is to defend the nation and its airspace against Air threats in coordination with Army and Navy.
- The secondary purpose is to assist civil power during natural calamities and internal disturbances.
- The IAF provides close air support to the Indian Army troops in the battlefield and also provides strategic and tactical airlift capabilities.
- IAF also provides strategic air lift or secondary Airlift for the Indian Army.
- The IAF also operates the Integrated Space Cell together with the other two branches of the Indian Armed Forces, the Department of Space and the Indian Space Research Organization (ISRO).
- Rescue of civilians during natural disasters
- Evacuation of Indian nationals from foreign countries in case of instability or other problems

Mother Teresa:

Mary Teresa Bojaxhiu MC 26 August 1910 – 5 September 1997), better known as **Mother Teresa**, was an Albanian-Indian Catholic nun and the founder of the Missionaries of Charity. Born in Skopje, then part of the Ottoman Empire, at the age of 18 she moved to Ireland and later to India, where she lived most of her life. On 4 September 2016, she was canonised by the Catholic Church as **Saint Teresa of Calcutta**. The anniversary of her death, 5 September, is her feast day.

Mother Teresa founded Missionaries of Charity, a religious congregation, which grew to have over 4,500 nuns across 133 countries as of 2012. The congregation manages homes for people who are dying of HIV/AIDS, leprosy, and tuberculosis. The congregation also runs soup kitchens, dispensaries, mobile clinics, children's and family counselling programme, as well as orphanages and schools. Members take vows of chastity, poverty, and obedience and also profess a fourth vow: to give "wholehearted free service to the poorest of the poor.

Mother Teresa received several honors, including the 1962 Ramon Magsaysay Peace Prize and the 1979 Nobel Peace Prize. A controversial figure during her life and after her death, Mother Teresa was admired by many for her charitable work, but was criticized for her views on abortion and contraception, as well as the poor conditions in her houses for the dying. Her authorized biography, written by Navin Chawla, was published in 1992, and she has been the subject of many other works. On 6 September 2017, Mother Teresa and Saint Francis Xavier were named co-patrons of the Roman Catholic Archdiocese of Calcutta.

International Youth Day:

International Youth Day (IYD) is an awareness day designated by the United Nations that takes place on August 12. The purpose of the day is to draw attention to a given set of cultural and legal issues surrounding youth. The first IYD was observed on 12 August 2000.

International Youth Day is observed annually on August 12. It is meant as an opportunity for governments and others to draw attention to youth issues worldwide. During IYD, concerts, workshops, cultural events, and meetings involving national and local government officials and youth organizations take place around the world. IYD was designated by the United Nations in 1999 with the adoption of Resolution 54/120.

International Youth Day's Slogan for 2014 was Youth and Mental Health. For 2015, it was Youth and Civic Engagement. The theme of the 2016 International Youth Day was "The Road to 2030: Eradicating Poverty and Achieving Sustainable Consumption and Production. For 2017, the theme of IYD is "Youth Building Peace". The theme for IYD 2018 was "Safe Spaces for Youth". In this way it will go on which recognize the contributions of young people to preventing conflict, supporting inclusion, social justice, and sustain peace. For 2019, the theme of IYD was "Transforming education" to make education inclusive and accessible for all youth. And for 2020, the theme of IYD was "Youth Engagement for Global Action". The theme for 2021 IYD is "Transforming Food Systems: Youth Innovation for Human and Planetary Health" The theme for 2022 is "Intergenerational solidarity: Creating a world for all ages". The theme for 2023 is "Green Skills for Youth: Towards a Sustainable World."

Ramjan:

Ramadan also spelled **Ramazan**, **Ramzan**, **Ramadhan** or **Ramathan**) is the ninth month of the Islamic calendar, observed by Muslims worldwide as a month of fasting (sawm), prayer, reflection, and community. A commemoration of Muhammad's first revelation,^[10] the annual observance of Ramadan is regarded as one of the Five Pillars of Islam and lasts twenty-nine to thirty days, from one sighting of the crescent moon to the next.

Fasting from dawn to sunset is fard (obligatory) for all adult Muslims who are not acutely or chronically ill, travelling, elderly, breastfeeding, diabetic, or menstruating. The predawn meal is referred to as suhur, and the nightly feast that breaks the fast is called iftar. Although fatwas have been issued declaring that Muslims who live in regions with a midnight sun or polar night should follow the timetable of Mecca, it is common practice to follow the timetable of the closest country in which night can be distinguished from day.

The word Ramadan derives from the Arabic root R-M-D "scorching heat", which is the Classical Arabic verb "ramiḍa meaning "become intensely hot – become burning; become scorching; be blazing; be glowing".

In the Persian language, the Arabic letter is pronounced as . The Muslim communities in some countries with historical Persian influence, such as Afghanistan, Azerbaijan, Iran, India, Pakistan and Turkey, use the word Ramazan or Ramzan. The word Romzan is used in Bangladesh.

Ramadan is the month in which the Quran was revealed as a guide for humanity with clear proofs of guidance and the standard to distinguish between right and wrong. So whoever is present this month, let them fast. But whoever is ill or on a journey, then let them fast an equal number of days after Ramaḍân'. Allah intends ease for you, not hardship, so that you may complete the prescribed period and proclaim the greatness of Allah for guiding you, and perhaps you will be grateful.

Kargil Vijay Diwas:

Kargil Vijay Divas (Hindi: lit. Kargil Victory Day) is celebrated every 26 July in India, to observe India's victory over Pakistan in the Kargil War for ousting Pakistani Forces from their occupied positions on the mountain tops of Northern Kargil District in Ladakh in 1999. Initially, the Pakistani army denied their involvement in the war, claiming that it was caused by Kashmiris militants. However documents left behind by casualties, testimony of POWs and later statements by the Prime Minister of Pakistan Nawaz Sharif and Pakistan Army Chief of Army Staff Pervez Musharraf showed the involvement of Pakistani paramilitary forces, led by General Ashraf Rashid.

Kargil Vijay Divas is celebrated on 26 July every year in honour of the Kargil War's fighters. This day is celebrated all over India and in the national capital, New Delhi, where the Prime Minister of India pays homage to the soldiers at Amar JawanJyoti at the India Gate every year. Functions are also organized all over the country to commemorate the contributions of the Indian Armed Forces.

After the Indo-Pakistani War of 1971, there had been a long period of relatively few direct armed conflicts involving the military forces of the two neighbours – notwithstanding the efforts of both nations to control the Siachen Glacier by establishing military outposts on the surrounding mountains ridges and the resulting military skirmishes in the 1980s. During the 1990s, however, escalating tension and conflict due to separatist activities in Kashmir, as well as the conducting of nuclear tests by both countries in 1998, led to an increasingly belligerent atmosphere.^[6]

Initially, with little knowledge of the nature and extent of the infiltration, the Indian troops in the area assumed that the infiltrators were jihadis and declared that they would evict them within a few days. The subsequent discovery of infiltration elsewhere along the LOC, along with the difference in tactics employed by the infiltrators, caused the Indian army to realize that the plan of attack was on a much bigger scale. The total area seized by the ingress is generally accepted to be between 130 km² – 200 km².

International Yoga Day:

The International Day of Yoga has been celebrated across the world annually on June 21 since 2015, following its inception in the United Nations General Assembly in 2014. Yoga is a physical, mental and spiritual practice which originated in ancient India. The Indian Prime Minister Narendra Modi, in his UN address in 2014, had suggested the date of June 21, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world.¹

The Indian Prime Minister Narendra Modi, in his UN address in 2014, suggested an annual Day of Yoga on June 21, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world. Following the initial proposal, the UN adopted the draft resolution, entitled "Day of Yoga", in 2014. The consultations were convened by the delegation of India. In 2015, the Reserve Bank of India issued a 10-rupee commemorative coin to mark the International Day of Yoga. In April 2017, UN Postal Administration (UNPA) issued 10 stamps on Asanas on a single sheet to mark International Day of Yoga.

On 11 December 2014, India's Permanent Representative Asoke Mukherji introduced the draft resolution in the United Nations General Assembly. The draft text received broad support from 177 Member States who sponsored the text, which was adopted without a vote. This initiative found support from many global leaders. A total of 177 nations co-sponsored the resolution, which is the highest number of co-sponsors ever for any UNGA resolution of such nature.

Following the adoption of the UN resolution, several leaders of the spiritual movement in India voiced their support for the initiative. The founder of Art of Living, Ravi Shankar, praised Modi's efforts, saying, "It is very difficult for any philosophy, religion or culture to survive without state patronage. Yoga has existed so far almost like an orphan. Now, official recognition by the UN would further spread the benefit of yoga."

Labour Day:

International Workers' Day, also known as Labour Day in some countries and often referred to as **May Day**, is a celebration of labourers and the working classes that is promoted by the international labour movement and occurs every year on 1 May, or the first Monday in May.

Traditionally, 1 May is the date of the European spring festival of May Day. In 1889, the Marxist International Socialist Congress met in Paris and established the Second International as a successor to the earlier International Workingmen's Association. They adopted a resolution for a "great international demonstration" in support of working-class demands for the eight-hour day. The 1 May date was chosen by the American Federation of Labor to commemorate a general strike in the United States, which had begun on 1 May 1886 and culminated in the Haymarket affair four days later. The demonstration subsequently became a yearly event. The 1904 Sixth Conference of the Second International, called on "all Social Democratic Party organizations and trade unions of all countries to demonstrate energetically on the First of May for the legal establishment of the eight-hour day, for the class demands of the proletariat, and for universal peace".

The 1st of May, or first Monday in May, is a national public holiday in many countries, in most cases as "International Workers' Day" or a similar name. Some countries celebrate a Labour Day on other dates significant to them, such as the United States and Canada, which celebrate Labor Day on the first Monday of September. In 1955, the Catholic Church dedicated 1 May to "Saint Joseph the Worker". Saint Joseph is the patron saint of workers and craftsmen, among others.

On 21 April 1856, Australian stonemasons in Victoria undertook a mass stoppage as part of the eight-hour workday movement. It became a yearly commemoration, inspiring American workers to have their first stoppage.^[1] 1 May was chosen to be International Workers' Day to commemorate the 1886 Haymarket affair in Chicago. In that year beginning on 1 May, there was a general strike for the eight-hour workday. On 4

May, the police acted to disperse a public assembly in support of the strike when an unidentified person threw a bomb. The police responded by firing on the workers. The event led to the deaths of seven police officers and at least four civilians; sixty police officers were injured, as were one hundred and fifteen civilians. Hundreds of labour leaders and sympathizers were later rounded-up and four were executed by hanging, after a trial that was seen as a miscarriage of justice. The following day on 5 May, in Milwaukee, Wisconsin, the state militia fired on a crowd of strikers killing seven, including a schoolboy and a man feeding chickens in his yard.

In 1889, the first meeting of the Second International was held in Paris, following a proposal by Raymond Lavigne [fr] that called for international demonstrations on the 1890 anniversary of the Chicago protests. On 1 May 1890, the call encouraged May Day demonstrations took place in the United States and most countries in Europe. Demonstrations were also held in Chile and Peru. May Day was formally recognized as an annual event at the International's second congress in 1891. Subsequently, the May Day riots of 1894 occurred. The International Socialist Congress, Amsterdam 1904 called on "all Social Democratic Party organizations and trade unions of all countries to demonstrate energetically on the First of May for the legal establishment of the 8-hour day, for the class demands of the proletariat, and for universal peace." The congress made it "mandatory upon the proletarian organizations of all countries to stop work on 1 May, wherever it is possible without injury to the workers."

In the United States and Canada, a September holiday, called Labor or Labour Day, was first proposed in the 1880s. In 1882, Matthew Maguire, a machinist, first proposed a Labor Day holiday on the first Monday of September while serving as secretary of the Central Labor Union (CLU) of New York. Others argue that it was first proposed by Peter J. McGuire of the American Federation of Labor in May 1882, after witnessing the annual labour festival held in Toronto, Canada. In 1887, Oregon was the first state of the United States to make it an official public holiday. By the time it became an official federal holiday in 1894, thirty US states officially celebrated Labor Day.

Nobel Prize Day:

separate prizes that, according to Alfred Nobel's will of 1895, are awarded to "those who, during the preceding year, have conferred the greatest benefit to humankind." Alfred Nobel was a Swedish chemist, engineer, and industrialist most famously known for the invention of dynamite. He died in 1896. In his will, he bequeathed all of his "remaining realizable assets" to be used to establish five prizes which became known as "Nobel Prizes". Nobel Prizes were first awarded in 1901.

Nobel Prizes are awarded in the fields of Physics, Chemistry, Physiology or Medicine, Literature, and Peace (Nobel characterized the Peace Prize as "to the person who has done the most or best to advance fellowship among nations, the abolition or reduction of standing armies, and the establishment and promotion of peace congresses"). In 1968, SverigesRiksbank (Sweden's central bank) funded the establishment of the Prize in Economic Sciences in Memory of Alfred Nobel, to also be administered by the Nobel Foundation. Nobel Prizes are widely regarded as the most prestigious awards available in their respective fields.

The prize ceremonies take place annually. Each recipient (known as a "laureate") receives a green gold medal plated with 24 karat gold, a diploma, and a monetary award. As of 2023, the Nobel Prize monetary award is 11,000,000 SEK.^[3] A prize may not be shared among more than three individuals, although the Nobel Peace Prize can be awarded to organizations of more than three people.^[8] Although Nobel Prizes are not awarded posthumously, if a person is awarded a prize and dies before receiving it, the prize is presented.

The Nobel Prizes, beginning in 1901, and the Nobel Memorial Prize in Economic Sciences, beginning in 1969, have been awarded 609 times to 975 people and 25 organizations. Five individuals and two organizations have received more than one Nobel Prize.

Alfred Nobel was born on 21 October 1833 in Stockholm, Sweden, into a family of engineers.^[11] He was a chemist, engineer, and inventor. In 1894, Nobel purchased the Bofors iron and steel mill, which he made into a

major armaments manufacturer. Nobel also invented ballistite. This invention was a precursor to many smokeless military explosives, especially the British smokeless powder cordite. As a consequence of his patent claims, Nobel was eventually involved in a patent infringement lawsuit over cordite. Nobel amassed a fortune during his lifetime, with most of his wealth coming from his 355 inventions, of which dynamite is the most famous.^[12]

There is a popular story about how, in 1888, Nobel was astonished to read his own obituary, titled "The Merchant of Death Is Dead", in a French newspaper. It was Alfred's brother Ludvig who had died; the obituary was eight years premature. The article disconcerted Nobel and made him apprehensive about how he would be remembered. This inspired him to change his will.^[13] Historians have been unable to verify this story and some dismiss the story as a myth. On 10 December 1896, Alfred Nobel died in his villa in San Remo, Italy, from a cerebral haemorrhage. He was 63 years old.

Nobel wrote several wills during his lifetime. He composed the last over a year before he died, signing it at the Swedish–Norwegian Club in Paris on 27 November 1895. To widespread astonishment, Nobel's last will specified that his fortune be used to create a series of prizes for those who confer the "greatest benefit on mankind" in physics, chemistry, physiology or medicine, literature, and peace. Nobel bequeathed 94% of his total assets, 31 million SEK (c. US\$186 million, €150 million in 2008), to establish the five Nobel Prizes. Owing to skepticism surrounding the will, it was not approved by the Storting in Norway until 26 April 1897. The executors of the will, Ragnar Sohlman and Rudolf Lilljequist, formed the Nobel Foundation to take care of the fortune and to organize the awarding of prizes.

Nobel's instructions named a Norwegian Nobel Committee to award the Peace Prize, the members of whom were appointed shortly after the will was approved in April 1897. Soon thereafter, the other prize-awarding organizations were designated.

World Human Rights Day:

Human Rights Day (HRD) is celebrated annually around the world on 10 December every year. The date was chosen to honor the United Nations General Assembly's adoption and proclamation, on 10 December 1948, of the Universal Declaration of Human Rights (UDHR), the first global enunciation of human rights and one of the first major achievements of the new United Nations. The formal establishment of Human Rights Day occurred at the 317th Plenary Meeting of the General Assembly on 4 December 1950, when the General Assembly declared resolution 423(V), inviting all member states and any other interested organizations to celebrate the day as they saw fit.

The day is normally marked both by high-level political conferences and meetings and by cultural events and exhibitions dealing with human rights issues. Besides, it is traditionally on 10 December that the five-yearly United Nations Prize in the Field of Human Rights and Nobel Peace Prize are awarded. Many governmental and non-governmental organizations active in the human rights field also schedule special events to commemorate the day, as do many civil and social-cause organizations.

Human Rights Day is the day in 1948 the United Nations General Assembly adopted the Universal Declaration of Human Rights.

The formal inception of Human Rights Day dates from 1950, after the Assembly passed resolution 423(V) inviting all States and interested organizations to adopt 10 December of each year as Human Rights Day. The popularity of the day can be shown by the fact that the commemorative Human Rights Day stamp issued by the United Nations Postal Administration in 1952, received approximately 200,000 advance orders.

When the General Assembly adopted the Declaration, with 48 states in favor and eight abstentions, it was proclaimed as a "common standard of achievement for all peoples and all nations", towards which individuals and

societies should "strive by progressive measures, national and international, to secure their universal and effective recognition and observance". The measure was received by both advocates and critics alike as "being more declarative than legislative, more suggestive than binding."

Although the Declaration with its broad range of political, civil, economic, social and cultural rights is not a binding document, it inspired more than 60 human rights instruments which together constitute an international standard of human rights. Today the general consent of all United Nations Member States on the basic Human Rights laid down in the Declaration makes it even stronger and emphasizes the relevance of Human Rights in our daily lives.

The High Commissioner for Human Rights, as the main United Nations rights official and his Office plays a major role in coordinating efforts for the yearly observation of Human Rights Day:

Today, poverty prevails as the gravest human rights challenge in the world. Combating poverty, deprivation and exclusion is not a matter of charity, and it does not depend on how rich a country is. By tackling poverty as a matter of human rights obligation, the world will have a better chance of abolishing this scourge in our lifetime... Poverty eradication is an achievable goal.

—UN High Commissioner for Human Rights Louise Arbour, 10 December 2006

The 60th anniversary of the Universal Declaration of Human Rights occurred on 10 December 2008, and the UN Secretary-General launched a year-long campaign leading up to this anniversary.^[7] Because the UDHR holds the world record as the most translated document (except for the Bible), organizations around the globe used the year to focus on helping people everywhere learn about their rights.

On 9 December 2001, President George W. Bush made a Presidential proclamation that Human Rights Week began on 9 December. He also made the same proclamation on 10 December 2008.

Traditional & Annual Day Celebrations:

AITs have celebrated Traditional & Annual Days On 16/09/2018 to 22/09/2018.

Traditional Day is celebrated on 19/09/2018. This day started with a prayer song around 10.00 AM in the morning. Traditional day is celebrated to recall and inculcate the Indian Traditions in both students and staff of our institution. For this Traditional Day, students and faculty members came in traditional dresses and they have made ramp walk on the stage to show-case their Tradition and equality. In the Afternoon, some dances, skits and singing events are conducted. Principal Sir, HOD'S, faculty members and students spoken about the Indian tradition and culture. Finally some prizes are distributed in the end of the day

On the 19/09/2018 Annual Day is celebrated. The day has started with Fancy Dress competition around 10.30 am in the Morning. After that various dances, singing & skits performances are completed. Prizes are distributed to students who won the sports. Also prizes are distributed to the students who stand in first and second position in their Academics. Finally the day has ended with a prize distribution ceremony for singing, dancing and skits competition.

All these activities recharger young minds after all continuous Academic Activities. These activities help some of the students to show case their internal hidden talents.

Pongal Celebrations:

AITs have celebrated pongal on 11/01/2019 at the college premises. Make Sankranti also referred to as Uttarayana makar or simply Sankranti, is a Hindu observance and a festival. Usually falling on the date of January 15 annually, this occasion marks the transition of the Sun is has made this transition which vaguely coincides with its to moving from south to north, the festival is dedicated to the solar deity, surya, and is observed to mark a new beginning. Many native multi-day festivals are organized on this occasion all over India.

On 11/01/2019, around 10.45 am all are assembled at the seminar hall for celebrating pongal. During this event, Principal, HODs, Staff and students are participated. At the event principal sir has addressed the gathering after the prayer song sung by the students. Sir has explained about the Sankranthi festival and why it is celebrated through-out the India. HODs faculty and some students are also spoken about this Pongal. Finally a Rangoli Computation is held for faculty and students as well. This event is useful for the students to know about the Indian Festival Culture.

HOLI Celebrations:

AITs has celebrated Holi on 20/03/2019 in the college premises. Holi is an ancient Hindu tradition and also one of the most popular festivals in Hinduism. It celebrates the eternal and divine love of Radha Krishna. The day also signifies the triumph of good over evil, as it commemorates the victory of lord Vishnu as narasimha narayana over hiranyakashipu. It originated and is predominately celebrated in the India subcontinent but has spread to other region of Asia traditionally been also observed by non Hindus, such as by jains. In mughal India, Holi was celebrated with such exuberance that people of all castes could throw color on the Emperor. According to one of the online scripts, there are several paintings of mughal emperors celebrating Holi. Grand celebrations of Holi were held at the Lal Qila, where the festival was also known as Eid-E-Gulaabi or Aab-E-Pashi.

On 20/03/2019, around 11.00 am all are assembled at the seminar hall for celebrating pongal. During this event, Principal, HODs, Staff and students are participated. At the event principal sir has addressed the gathering after the prayer song sung by the students. Sir has explained about the Holi celebrations and why it is celebrated through-out the India. HODs faculty and some students are also spoken about this Holi. This festival is festival of colors, spring, and festival of love. Around 1 2.30pm all are went outside of seminar hall and started applying colors one on each other.

Bathukamma celebrations:

AITs Has Celebrated Dussehra On 15/10/2018 at the college premises vijayadashami, also known as dussehra is a major festival at the end of navarathri every year. It is observed on the 10th day in Hindu calendar month of ashwin, and this festival over all India in different regions and celebrate differently in various parts of the Indian subcontinent. This vijayadashami marks the end of durga puja, remembering the goddess durga's victory over the buffalo demon Mahishasura to restore and protect dharma. And these festivals mainly celebrated in Indian subcontinent. In the southern, eastern, and northeastern states.

On 15/10/2018 at 10.30am Principal, HODs, staff and students all are assembled at the seminar hall. Initially Principal Sir addressed the gathering and explained about the goddess Durga and regarding Vijayadashami. HODs have explained about the navarathri and importance of Telangana culture and bathukamma festival and faculty has explained about the celebrations and why it is celebrated bathukamma festival in every year.

Around 2.00pm, in our college all the women faculty and students are celebrated Bathukamma. All women faculty collect the flowers and making bathukamma. This bathukamma placed in the middle of the ground and all the women are surrounded and sung regional bathukamma songs while dancing.

International Women's day:

AITs has celebrated International Women's day on 08/03/2019(Friday). International Women's day (IWD) is a global celebrated annually on ,march 8 as a focal point in the women's rights and bringing attention to issue such as gender equality , reproductive rights ,and violence and abuses against women. IWD originated from labor movements in North America and Europe during the early 20th century.

This event has started around 10.30am at the seminar hall .The Principal, HODs, staff and students all are assembled at the seminar hall regarding IWD. During this event how women's day is started and what is its importance are explained clearly to the students. Also a women student has spoken about, the theme for internationals women's day 2019, which will take place on 8th march, is "think equal, build smart, innovative for change" this them will focus on innovative ways in which we can advance gender equality and the empowerment of women, particularly in the areas of social protection system, access to public services and sustainable infrastructure.

All these addresses enlightened increased the self confidence levels of women students.

RepublicDay:

Republic Day is a national holiday in India commemorating the adoption of the Constitution of India, and the country's transition to a republic which came into effect on 26 January 1950.

The constitution replaced the Government of India Act 1935 as the governing document of India, thus turning the nation from a dominion into a republic post its independence from the British Raj in 1947. The constitution was adopted by the Constituent Assembly of India on 26 November 1949 and came into effect on 26 January 1950. The date was chosen as the Indian National Congress proclaimed Purna Swaraj (complete independence) on this day in 1930.

Republic Day is commonly associated with parades, political speeches, cultural events and ceremonies, in addition to various other public and private events celebrating the history, government, and traditions of India.

India achieved independence from the British Raj on 15 August 1947 following the success of the Indian independence movement which was led by Congress under the leadership of Mahatma Gandhi. This was enacted through the Indian Independence Act 1947, an act of the Parliament of the United Kingdom that partitioned British India into the two new independent dominions of the British Commonwealth. India became a constitutional monarchy with George VI as head of state and the Earl Mountbatten as governor-general. Without a stand alone constitution, its laws were based on the existent Government of India Act 1935 and governed by the Constituent Assembly of India.

On 29 August 1947, a seven member drafting committee was appointed to draft a permanent constitution; with B R Ambedkar as chairman. A draft constitution prepared by the committee was submitted to the Constituent Assembly on 4 November 1948. After the draft was discussed and debated, the constituent assembly adopted the constitution on 26 November 1949. The major part of the constitution came into effect on 26 January 1950 with Rajendra Prasad becoming the first President of India and the constituent assembly became the Parliament of India under the transitional provisions of the new constitution. The date was chosen as the Indian National Congress proclaimed Purna Swaraj (complete independence) on this day in 1930.

GaneshChaturthi:-

The festival celebrates Ganesha as the God of New Beginnings and the Remover of Obstacles as well as the god of wisdom and intelligence and is observed throughout the Indian subcontinent by Hindus, especially in the states such as Maharashtra, Madhya Pradesh, Karnataka, Kerala, Odisha, Telangana, Andhra Pradesh, Tamil . Ganesh Chaturthi, in Hinduism, 10-day festival marking the birth of the elephant-headed deity Ganesha, the god of prosperity and wisdom. It begins on the fourth day (chaturthi) of the month of Bhadrapada (August–September), the sixth month of the Hindu calendar.

Lord Ganesh is seen as a God for all. He is regarded as the God of new beginnings, fresh starts, remover of obstacles, and a patron of learning. This 10-day long festival not only celebrates the birthday of Lord Ganesh, but is also a social and community event that brings people together and promotes harmony.

He is the son of Shiva and his consort Parvati, both of human form and yet he bears the head of an elephant. The reason for this closely follows his birth or more appropriately his creation. He was not born to Parvati as mere mortal are. It is said that she was lonely. In some parts of India Ganesha is depicted as celibate, but in others he is said to be married to both Buddhi ("Intelligence") and Siddhi ("Success"). Yet other traditions give him a third wife, Riddhi ("Prosperity"). Historical Importance. Ganesh Chaturthi has quite a rich kind of ancient background which dates back to the late 19th century. It was championed by the freedom fighter Lokmanya Tilak to foster a sense of unity and patriotism among Indians during British rule. Today, it continues to promote cultural solidarity.

National Farmer's Day:

Farmers 'Day is an annual observance in various countries to celebrate the national contributions off armors and Agricultures. It is observed on different dates around the world.

Kisan Diwas also known as National Farmers Day is celebrated on 23rd December every year to mark the Birth Anniversary of the 5th Prime Minister of India, Shari. Choudhary Charan Singh. This day is observed to honor and pay tribute to the farmers, who are considered the nation's backbone

National Farmer's Day, or Kisan Diwas, is observed on December 23 in India to recognise farmers as the backbone of the country. The day commemorates the birth anniversary of India's former Prime Minister Chaudhary Charan Singh

Choudhary Charan Singh is often called the father of National Farmer's Day (Kisan Diwas) in India. Chaudhary Charan Singh, the Kisan Leader, was the president from July 28, 1979, until January 14, 1980. His publications on farmers and their difficulties provided a variety of suggestions to improve farmers's lives across the country. He also launched various farmer welfare programs.

A new study shows that the first farmers actually represented a mixture of Ice Age hunter-gatherer groups, spread from the Near East all the way to south-eastern Europe. The genetic origins of the first agriculturalists in the Neolithic period long seemed to lie in the Near East.

National Mathematics Day:

The National Mathematics Day is observed on December 22 each year to commemorate the birth anniversary of the great Indian mathematician Srinivasa Ramanuja. Every year, 22 December is observed as National Mathematics Day to mark the birth anniversary of Srinivasa Ramanujan, a renowned Indian mathematician. Mathematics Day is marked to celebrate his works and recognize him as a legend in mathematics.

International Day of Mathematics. The International Day of Mathematics (IDM) is a worldwide celebration. Each year on **March 14** all countries will be invited to participate through activities for both students and the general public in schools, museums, libraries and other spaces.

1729 as the sum of two positive cubes. 1729 is the smallest nontrivial taxicab number, and is known as the Hardy–Ramanujan number, after an anecdote of the British mathematician G. H. Hardy when he visited Indian mathematician Srinivasa Ramanujan in hospital.

It is celebrated to commemorate the birth anniversary of the great Indian mathematician Srinivasa Ramanujan. History December 22 was designated as the National Mathematics Day by the Manmohan Singh government in 2012. Since then, the National Mathematics Day has been celebrated every year.

Born in India in 1887, Srinivasa Ramanujan is one of the most influential mathematicians in the world. He made significant contributions to the analytical theory of numbers, as well as elliptic functions, continued fractions, and infinite series. He had an estimated IQ of 185.

Sir Mokshagundam Visvesvaraya :

National Engineers' Day in India is celebrated every year on September 15 to commemorate the birth anniversary of Sir Mokshagundam Visvesvaraya, a renowned Indian engineer and statesman. In the field of engineering, Sir Visvesvaraya was a pioneer who significantly influenced the growth of India's infrastructure.

Arranging competitions, quizzes, debates, hackathons, projects, and demonstrations to showcase the skills and talents of engineering students and professionals. Recognizing and honoring distinguished engineers and educators for their remarkable contributions to the field.

In India, Engineers' Day is celebrated on September 15 every year, to mark the birth anniversary of Mokshagundam Visvesvaraya, one of the greatest engineers of India. Promoting Engineering as a Career: Engineers Day encourages young people to consider engineering as a career choice. By showcasing the achievements of engineers, it inspires the next generation to pursue careers in science, technology, engineering, and mathematics (STEM).

This day commemorates the birth of the first engineer Sir Mokshagundam Visvesvaraya, also known as the Father of Engineering. The general celebration offers recognition to all the civil engineers for their contributions to the nation's development.

“Engineers are the ones who bring technology to make our lives simpler, to bring comforts, to bring ease and today is the day to thank them. Happy Engineers Day.” Engineers like to solve problems.

World Lung Cancer Day:

According to the World Health Organization, lung cancer is the leading cause of cancer-related deaths worldwide for both men and women. In 2020, there were 2.21 million new lung cancer cases globally and 1.80 million deaths.

While smoking is the single greatest risk factor for lung cancer, accounting for 85 percent of all cases, other lesser-known risk factors include environmental exposures and genetics. Environmental exposure to radon, asbestos, arsenic, beryllium, and uranium has been linked to lung cancer. The risk of lung cancer also increases with a history of cancer in another part of the body, age, family history, radiation to the chest area, and lung diseases like chronic obstructive pulmonary disease (COPD).

World Lung Cancer Day offers an opportunity to raise awareness for the staggering global impact of this cancer. With one in four cancer deaths attributed to lung cancer, it is of critical importance to promote early detection through symptom awareness and lung cancer screening. Through early detection, treatment can begin, the cancer is less likely to spread, and we can begin to reduce the number of lung cancer deaths worldwide.

If you currently smoke or have a history of smoking and are 50 years or older, you may be a candidate for a screening low-dose CT scan that can potentially detect lung cancer in its earliest stages.

Lung cancer symptoms include a persistent and worsening cough, coughing up blood, chest or back pain, and difficulty swallowing. Tests that may be used to diagnose lung cancer include chest X-rays, Chest CT and PET scans, bronchus copy, and needle biopsies.

National Unity Day:

National Unity Day (Hindi: रसरसरसरर रसर रसर , Romanized: The is celebrated in India on 31 October. It was introduced by the Government of India in 2014. The day is celebrated to mark the birth anniversary of Sardar Vallabhbhai Patel who had a major role in the political integration of India.

The official statement for National Unity Day by the Home Ministry of India cites that the National Unity Day "will provide an opportunity to re-affirm the inherent strength and resilience of our nation to withstand the actual and potential threats to the unity, integrity, and security of our country."

I solemnly pledge that I dedicate myself to preserving the unity, integrity, and security of the nation and also strive hard to spread this message among my fellow countrymen. I take this pledge in the spirit of the unification of my country which was made possible by the vision and actions of Sardar Vallabhbhai Patel. I also solemnly resolve to make my own contribution to ensure the internal security of my country. 31 October is also celebrated as Rashtriya Sankalp Diwas or National Pledge Day as it marks the day of assassination of Indira Gandhi. Several schools and colleges, especially in Congress-run states, organize rallies and programmes in remembrance of Indira Gandhi.

International Yoga Day:

Yoga traces its origin to 5,000-year-old Indian physical, mental and spiritual practice which aims to transform mind, body and soul. If, we could look back a decade or two, Yoga was confined to very few nations predominantly India, as its origin could be traced in Indian ancient scriptures. Till recently, the western countries considered, yoga as tool for physical exercise for toning the body. However the tireless efforts of the leading yoga institutions and teachers of India, the benefits of yoga in fighting various ailments and in developing a sound mind, body and soul – the basis of a calm, peaceful ,healthy and happy life, Yoga started gaining momentum. Now with the UN declaration to adopt and celebrate 21st, June as International Day of Yoga, global community is once again looking at yoga.

21st June was declared as the International Day of Yoga on 10TH December 2014 by the United Nations consequent to the bill mooted being supported by more than 175 member countries. The man behind this mission is none other than our Prime Minister Shri Narendra Modi, who has strong belief in Indian ancient traditions and values.

Less than three months after Prime Minister Narendra Modi proposed the idea, the UN General Assembly on December 10, 2014 adopted an India-led resolution declaring 21 June as "International Day of Yoga", recognizing that "yoga provides a holistic approach to health and well-being."

The resolution on "International Day of Yoga" was introduced by India's ambassador to UN Asoke Mukerji on Thursday and had 175 nations joining as co-sponsors, the highest number ever for any General Assembly resolution.
